North Clayton High School

The Essence of a Student-Centered School...

October 1, 2021

To Whom It May Concern:

It is with distinction and pleasure that I submit this letter of recommendation for LaiVe'once Peterson. LaiVe'once is a very innovative and unique student. I've had the pleasure of serving as his high school principal for several years. His work, success and discipline serve as clear evidence of his preparedness and focus for exercising his post-secondary options at the collegiate level.

LaiVe'once has demonstrated an extremely high aptitude for rigorous and advanced level studies. He is extremely motivated and demonstrates an unquenchable thirst for knowledge. LaiVe'once is very consistent in his discipline as it pertains to academics and conduct. He portrays great ability and poise in his communication and written skills. His active engage and performance in his classes are reflective of his ability to satisfactory maneuver in college level courses. He has a great foundation and is well adapted to the demanding pace and rigor of college courses.

LaiVe'once has been a member of the Morehouse Trio Program for several. He has taken gifted/honors class. He has received academic excellence awards throughout his tenure. His current grade point average is 3.65 and his current class rank is 27/277 in his grade level cohort. He is a 2021 inductee into the National Honor Society. Moreover, LaiVe'once has completed his high school journey in three years. He will be an early graduate.

In addition to his academic endeavors, LaiVe'once is a model citizen in his community and school. He supports systemic student activities and represents the student body at North Clayton High School as the top ranked officer and member of the Student Government Association.

As an Alumnus of Morehouse College, I am confident in my assessment of LaiVe'once. He represents the precepts of a "Morehouse Man" and will indeed allow himself to be nurtured and exposed to the essence of the same. It is my pleasure to recommend LaiVe'once for admissions into our distinguished institution!

Sincerely,

Respectfully,

Eldrick H. Horton
