To Whom It May Concern:

It is with great pleasure that I write this recommendation for Jacob Robertson, his transcript does not reflect the characteristics of his personality and character. I have been Jacob's counselor for the past three years and through our interactions I have observed several personality characteristics including Leadership, Intelligence, and Respectfulness. I believe that Jacob's academia is preparing him to become the professional that he works so hard to be. He will graduate from Tucker High School with an Honors and Distinction Diploma, as well as completed courses in Georgia State University's Dual Enrollment program. He has also participated in the International Baccalaureate Program, one of Tucker's most challenging programs for the last 2 years.

When you speak to teachers in reference to Jacob, they have nothing but positive things to say. He is known to be a hard worker, energetic and highly motivated student who possesses a strong desire for knowledge and proven ability to excel within the classroom, a dedicated team-player, on and off the field, who shows initiative in leadership positions and working with others.

Throughout his high school career, he has consistently maintained good grades, and has been a member of many academic and volunteer organizations at Tucker High and beyond the Tucker walls. The many activities are as follows; Beta Club, Tucker High School JV/HS Soccer, RUSH Union Soccer Club – Starting, Defender, IB Student Council, IB Mentor Program – Chair, IB Student Council, Junior AFROTC Summer Bridge and participated in Georgia Senate Student PAGE. Jacob has also participated in many volunteer programs. The volunteer programs are as follows; Initiated G-CODE "Let's Play", Gaming event for disadvantaged children, "Warm Coat Warm Hearts" Burlington Coat Drive-Subdivision Organizer, Annual Thanksgiving Feed the Homeless Program, Mt Zion Baptist Church, IB Winter Essentials Clothing Drive, BETA Club Grace Community Food Pantry, and BETA Club Canned Food Drive all while maintaining a great GPA of 3.8.

I believe that Jacob would attack any assignment or accomplish any goal(s) with the same fervor he uses with his current academic and athletic responsibilities. For these reasons, I am confident that he will become successful in any endeavor that he attempts.

Sincerely,

A handwritten signature in black ink, appearing to read "Devan Currie", with a long horizontal flourish extending to the right.

Devan Currie, Tucker High School, School Counselor
