Re: Letter of Recommendation for Jacob W. Robertson

To Whom This May Concern:

As one of Jacob's instructors at Tucker High School, it is with great pleasure that I recommend him for your scholarship. He is in my Marketing class, and I have found Jacob to be an intelligent and highly motivated student. He is a joy to teach, and I enjoy having him in my class. I have observed firsthand his dedication to his schoolwork. It was impressive that he was able to balance a rigorous class load in the IB Program, AP Classes, and being a dedicated member of the soccer team, all while working a part-time job. Most recently, he continued a high level of scholastic achievement in the Dual Enrollment Program, still maintaining a competitive GPA while taking college courses and advanced classes.

Throughout his matriculation at Tucker High, he has always been a stellar student, but he is also a proven leader in my class and in his civic organizations. He is a member of the National Beta Club and the National Society of High School Scholars. He recently served on Student Council as the International Baccalaureate Representative. Additionally, in the IB Program he served as the Mentoring Program Chairperson. His ability to balance the rigor of academics and extracurricular activities is a key skill needed to navigate college. He will have immense success wherever he decides to attend, and he would be an excellent representation of your organization's generosity. Awarding him your scholarship would be a worthwhile investment.

Respectfully,

A handwritten signature in black ink that reads "Darryl M. Adams".
