

To whom it may concern :

Kemari Clark is an outstanding young man who displays great leadership skills. As his College and Career advisor I've watched and seen how he desperately wants to succeed. Such a hard worker and the sky's the limit for him. Kemari's willingness to not quit and to want more of himself is impeccable. It is to my knowledge that Kemari is applying for the Eta Omega Chapter College scholarship. I would like to recommend him for this scholarship and believe he is the right candidate, as this will for sure be beneficial for him. Kemari has been a scholar since the 9th grade, and he always seems to stay ahead of most because his end goal is success. He is not easily distracted and shows daily how important education and succeeding is to him.

Not only does Kemari Clark have great leadership skills but he is really good at multitasking in an environment where people may need help. This shows patience and resilience to get the job done. As I do my walkthroughs through the senior classes Kemari is always attentive in the classroom and has an urge to learn as much as possible to help him be successful. We have weekly college and career events and only seniors who are passing their class could participate and Kemari has been present to everyone since the first day of her senior year due to his consistency in the classroom and outstanding leadership in the building here at South Atlanta High school .

To conclude, I would like to restate my recommendation for Kemari Clark. If you have any concerns or questions regarding her ability or this recommendation, please reach out for more information.

Sincerely

Costa Anderson Jr.

College and Career Advisor
