Dear Scholarship Selection Committee:

I am pleased to write a letter of recommendation for Anthony Tucker. I have known Anthony for the past two years as he has taken my IB Math Analysis and Approaches Standard Level Year 1 and IB Math Analysis and Approaches Standard Level Year 2 course. Anthony is one of my top students in this course. In class, Anthony always strived to do his absolute best and be his absolute best. I highly recommend Anthony as a recipient of your scholarship.

Inside school, Anthony is in Westlake's magnet program, which is a rigorous S.T.E.A.M academic program with a mission to provide an exemplary, holistic educational program that produces students who are: Inquirers, Knowledgeable, Thinkers, Communicators, Principled, Open-Minded, Caring, Risk-Takers, Balanced, and Reflective. Anthony is also a candidate for an International Baccalaureate certificate through his success of completing International Baccalaureate courses. Inside the classroom, he demonstrates tremendous effort and a strong work ethic. Anthony uses his knowledge in the helping of others and serves as a role model to other students. He has that combination of a positive attitude and that is rare in a high school student, but so essential to the learning process. As a student in my class, Anthony uses his knowledge to succeed in class. Inside the classroom, he shows a tremendous amount effort and a strong work ethic. He serves as a role-model and motivator to the students in the classroom. As a National Society of High School scholar, National Honor Society member, Westlake High School's Engineering Student of the Year, and Georgia Merit Award recipient, Anthony is the definition of what it means to lead from the front. He has been a pivotal member of Westlake High Schools Student Government Association. His participation in these organizations has allowed him to show the combination of a cheerful outlook and that is rare in a high school student, but so essential to the learning process. He would be an excellent addition to your roll of recipients.

Anthony's strong belief in his ability to acquire new skills and improve through practice is evident in his daily performance in class. Anthony shows evidence of academic and personal motivation through his work in my class. He has a high potential for a successful matriculation at any accredited four-year college or university and beyond. Anthony has proven that through hard work, follow through, and teamwork, he can accomplish tasks in a courteous and timely manner. Anthony shows a prominent level of integrity and shows me daily that I can depend on him to be the best student and person. He is a pleasure to have in class, and his optimistic outlook and belief in himself is an immensely admirable asset. I am confident that he will continue to demonstrate the same diligence, perseverance, and optimism that he has shown myself and his peers. Additionally, Anthony is well-respected by his peers and faculty. His future is bright with the possibilities of all he wishes to accomplish. His work ethic, familial support, and passion for his chosen career goals will ensure his success.

In closing, I would like to reiterate my recommendation of Anthony as a recipient. His level of workmanship and growth potential will make each of you proud to have him as a recipient.
