A Dual Enrollment Partnership with Atlanta Technical College

for high school students residing within the Fulton County School System Attendance Zone

To Whom It May Concern,

It is with immense pleasure that I recommend Jayson Rogers. As a teacher at this illustrious Institution, Hapeville Charter Career Academy, I understand first-hand the challenges, expectations, and growth that every student who receives this scholarship will experience. And how, with great effort he can truly “get anywhere from here”.

I’ve had the wonderful opportunity of teaching Jayson for Honors Chemistry. As teachers, we always look for students who thirst for knowledge and have the passion and desire to be creative and excel in every aspect of his academic community. Jayson is an excellent example of this type of student. In class, he is very articulate, insightful, and engaged in the material being learned. His ability to take a lesson, analyze and critique it in a way that made it his own while adding to the classroom dynamic was enchanting. And, his desire to achieve and transcend every expectation of himself and his peers is exceptional. I have often wondered what it would mean to me as an educator to see and play apart in a student developing and achieving their potential of excellence. Through Jayson’s display of academic merit, my inquisition has been answered. I feel very gratified to say that I have taught Jayson and being able to experience him as a student and watch him develop as an individual. Because of this, I feel honored to recommend Jayson.

Sincerely,

Ms. Austria Cornelius
