To Whom It May Concern,

It is indeed with great pleasure and conviction I recommend Deshiane Lacy as an outstanding person and student. I have been an instructor for over a decade and in that course of time I have had the opportunity to interact and assess many students who have passed through the portals of my classroom.

I have been Deshiane's instructor for two years and from day one, she has come across as a very hardworking and intelligent student, who does not hesitate to put in that bit of extra effort to stand out among her contemporaries. She is highly motivated and her apparent enthusiasm and interest in education is supported by her diligent work. She has always shown an extraordinary sense of perception of the subjects and has made a difference to the class with her insightful remarks. In all her course activities, her grades have been above average, and she stands at the top of her class.

Deshiane has the ability and desire to accomplish anything she attempts. On an inter-personal level, she has endeared herself to her classmates with her kind and compassionate nature.

I strongly recommend Deshiane Lacy for pursuing her dreams, as I am sure she would be an asset to any organization that she joins.

Sincerely,

Tyrus Brackett
