Where Students Come First

To whom it may concern:

It is very rare to find a hardworking and dedicated student athlete such as Mr. Jayson Rogers. I have known this student for one year and he has always been such a blessing to the student body of HCCA. Mr. Rogers has never let me down, he is an overachiever and I can always depend on him to make the best decision. He understands the importance of being tedious, professional, and relatable. These are very key qualities in being a leader. So with that it is a great honor to recommend him to you. You are getting one of the brightest of the near future. His ability to lead and his relentless work ethic will project a much needed foundation for a great leader. If there are any further questions my contact information is included below.

Sincerely,

Mr. Louis Lassiter
